

My family listens to K-Love on 88.7 FM in the Midland-Odessa area. It provides family friendly, morally based entertainment for myself, my wife and my 2 teenaged daughters. Should K-LOVE be displaced by a LPFM, there would be a distinct absence of programming I deem suitable for my family. There are many other stations providing a broad range of programming options; however, K-LOVE is the only station in my area providing their unique format. Please do not allow K-LOVE to be replaced by LPFM.
